

mattress **FORTUNA BIO**

1. **HIGH BREATHABILITY**, supported by an open cell cold foam structure, provides greater comfort. By using **NATURAL SOYA OIL** in the foam, we follow current organic trends and significantly reduce any potential negative environmental impact.

2. Special double-sided shaping to so-called islands divides the core into **7 ANATOMICAL ZONES** that maximally adapt to the individual parts of human body.

3. The **PARTNER MATTRESS** represents a core with different firmness on each side. The mattress adapts to your sleep.

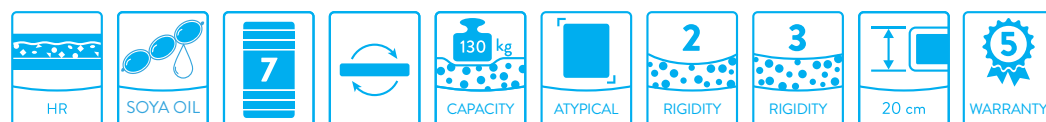

4. The **MORAVIA COVER**, comprised of exclusive knitted fabric with a high content of natural viscose, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses.

5. The **3D GRID** sewn into the cover is in perfect symbiosis with the mattress core to emphasise air circulation. The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

MATTRESS DESCRIPTION:

A partner mattress comprised of exceptionally elastic HR-foam with soya oil extract.

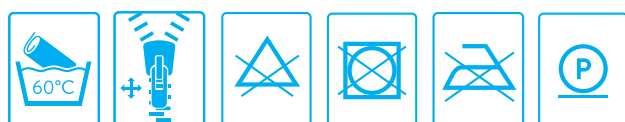

The mattress offers a unique possibility to select the harder (violet foam) or softer (yellow foam) mattress side. Special double-sided shaping to so-called islands divides the core into 7 anatomical zones that maximally adapt to the individual parts of human body. By using natural material at a height of 20 cm, the mattress responds to actual bio trends and considerably reduces negative environmental impact. The open structure of the high-quality HR foam (cold foam) results in optimum air circulation within the mattress, which is elastic and durable. FORTUNA BIO will look after your body all night long.

MORAVIA COVER:

The MORAVIA cover, comprised of exclusive knitted fabric with a high natural viscose content, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses. Natural viscose, the basic manufacturing material of which is cellulose extracted from coniferous trees, provides the fabric with necessary air permeability, perfectly carries moisture away and creates an optimum micro-climate for your healthy sleep.

- Composition: 60% polyester, 37% viscose, 2% polyamide, 1% elastane
- The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.
- The 3D grid emphasises air circulation outside the mattress.

ABOUT THE COMPANY:

We are a leading Czech mattress manufacturer with a long tradition. We offer mattresses and products for healthy sleep to a wide sector of users from hospitals, hotels, guest houses, spas, long-term care facilities up to home use. Thanks to our many years of experience, we can guarantee that we will stay close to you and continue to improve our mattresses with respect for your wishes.

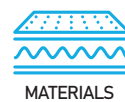

Our products meet the strict criteria of manufacturing standards. The safety of the materials we use in production is also subject to a close inspection.

When dealing with customers, we prefer an individual approach where we always try to meet all your requirements.

We are a manufacturer with 48 years of experience. The quality of delivered products and work safety is our priority.

We incorporate traditional materials into our product range, right up to new products just launched on the market such as EKOMFORTAN[®] and ECOPEPUR[®].

Thanks to our many years of experience in mattress production, we can prepare mattresses tailored to your needs.

We stand behind the quality of our products, which is why we offer an extended warranty.
