MORAVIA COMFORT

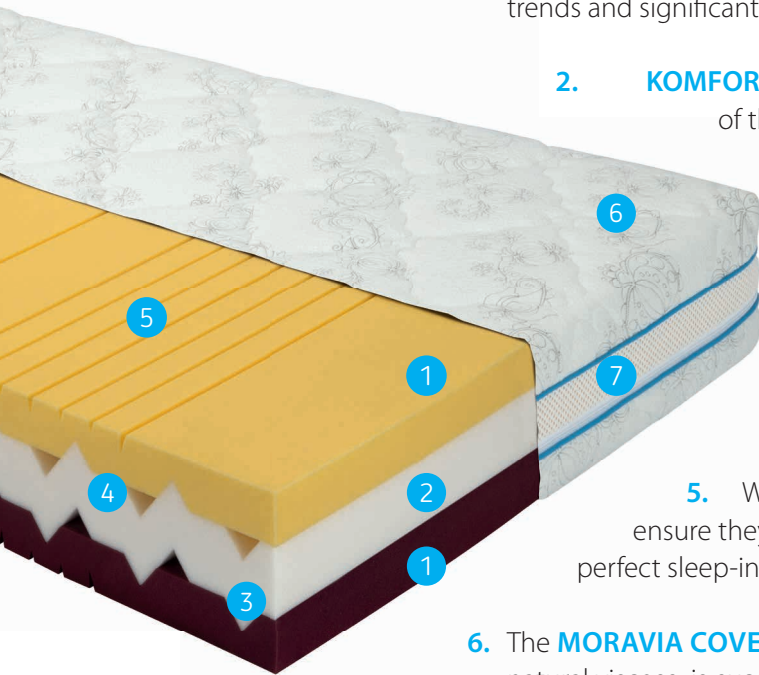

THE BEST APPROACH TO SLEEP

These are true professionals who know what to do for the perfect comfort. They will surprise you with their top manufacturing quality, which is elaborated down to the smallest detail, as well as a unique shaping that will significantly improve the quality of your sleep. This ideal combination of comfort and convenience guarantees maximum satisfaction.

mattress **MAIA AIR**

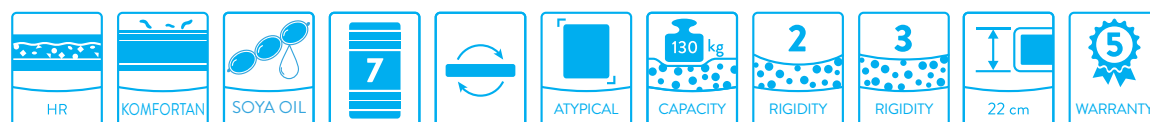

1. **HIGH BREATHABILITY**, supported by an open cell cold foam structure, provides greater comfort. By using natural soya oil in the foam, we follow current organic trends and significantly reduce any potential negative environmental impact.
2. **KOMFORTAN**[®] foam guarantees optimal elasticity and proper support of the human body to assure your comfort.
3. The unique **KARDIO CENTRAL** core shaping provides constant ventilation, moisture removal and temperature stabilisation.
4. Individual mattress layers interconnect **WITHOUT GLUING**, with the possibility of practical individual part disassembly during cleaning.
5. We've designed **SEVEN SEPARATE ANATOMICAL ZONES** to ensure they always adapt to your movement and keep your body in the perfect sleep-inducing position.
6. The **MORAVIA COVER**, comprised of exclusive knitted fabric with a high content of natural viscose, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses.
7. The **3D GRID** sewn into the cover is in perfect symbiosis with the mattress core to emphasise air circulation. The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

MATTRESS DESCRIPTION:

We put all our experience into this orthopaedic partner mattress by using the exceptionally elastic HR-foam with soya oil extract.

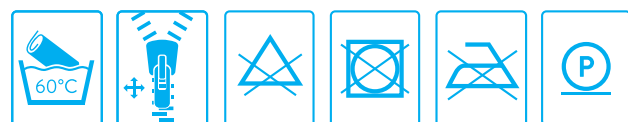

The core is comprised of resistant elastic foam provided by double-sided 7-zone profiling with different loading area rigidity. Each individual zone provides the necessary adjustment for the correct position of your back. Owing to the unique KARDIO cut, there is permanent ventilation, moisture removal and temperature stabilisation. All individual layers interconnect without using adhesives. MARIA AIR will not limit you in any way.

MORAVIA COVER:

The MORAVIA cover, comprised of exclusive knitted fabric with a high natural viscose content, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses. Natural viscose, the basic manufacturing material of which is cellulose extracted from coniferous trees, provides the fabric with necessary air permeability, perfectly carries moisture away and creates an optimum micro-climate for your healthy sleep.

- Composition: 60% polyester, 37% viscose, 2% polyamide, 1% elastane
- The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.
- The 3D grid emphasises air circulation outside the mattress.

ABOUT THE COMPANY:

We are a leading Czech mattress manufacturer with a long tradition. We offer mattresses and products for healthy sleep to a wide sector of users from hospitals, hotels, guest houses, spas, long-term care facilities up to home use. Thanks to our many years of experience, we can guarantee that we will stay close to you and continue to improve our mattresses with respect for your wishes.

Our products meet the strict criteria of manufacturing standards. The safety of the materials we use in production is also subject to a close inspection.

INDIVIDUAL APPROACH

When dealing with customers, we prefer an individual approach where we always try to meet all your requirements.

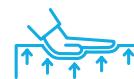

QUALITY

We are a manufacturer with 48 years of experience. The quality of delivered products and work safety is our priority.

MATERIALS

We incorporate traditional materials into our product range, right up to new products just launched on the market such as EKOMFORTAN[®] and ECOREPUR[®].

TAILOR-MADE PRODUCTS

Thanks to our many years of experience in mattress production, we can prepare mattresses tailored to your needs.

GUARANTEES

We stand behind the quality of our products, which is why we offer an extended warranty.

mattress **ARTEMIS BIO**

1. The upper **LATEX** foam rubber layer provides an optimal climate, and thanks to its strong elasticity perfectly follows the shape of the human body.
2. We're not afraid of natural materials, which is why our mattress include firming **COCONUT FIBRE** boards to support high core load.

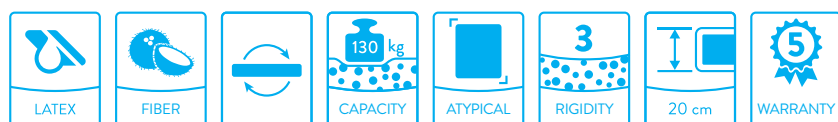

3. The **MORAVIA COVER**, comprised of exclusive knitted fabric with a high content of natural viscose, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses.

4. The **3D GRID** sewn into the cover is in perfect symbiosis with the mattress core to emphasise air circulation. The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

MATTRESS DESCRIPTION:

An exclusive core comprising foam rubber (latex) with an admixture of natural rubber, which is double-reinforced and strengthened by the flexible coconut boards in the central layer.

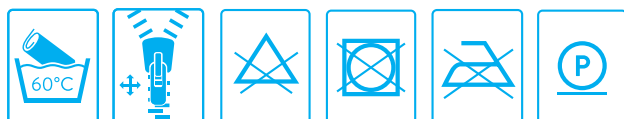

It is noted for excellent flexibility, air permeability (open cell structure and latex perforation) and antibacterial properties, and due to its characteristic point elasticity perfectly adapts to the curves of the human body to provide guaranteed support in the places where it is most needed. Due to good orthopaedic properties, the mattress is also suitable for bedridden users. ARTEMIS BIO will provide you with comfortable sleeping and relaxation with a touch of nature.

MORAVIA COVER:

The MORAVIA cover, comprised of exclusive knitted fabric with a high natural viscose content, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses. Natural viscose, the basic manufacturing material of which is cellulose extracted from coniferous trees, provides the fabric with necessary air permeability, perfectly carries moisture away and creates an optimum micro-climate for your healthy sleep.

- Composition: 60% polyester, 37% viscose, 2% polyamide, 1% elastane
- The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.
- The 3D grid emphasises air circulation outside the mattress.

mattress **FORTUNA BIO**

1. **HIGH BREATHABILITY**, supported by an open cell cold foam structure, provides greater comfort. By using **NATURAL SOYA OIL** in the foam, we follow current organic trends and significantly reduce any potential negative environmental impact.

2. Special double-sided shaping to so-called islands divides the core into **7 ANATOMICAL ZONES** that maximally adapt to the individual parts of human body.

3. The **PARTNER MATTRESS** represents a core with different firmness on each side. The mattress adapts to your sleep.

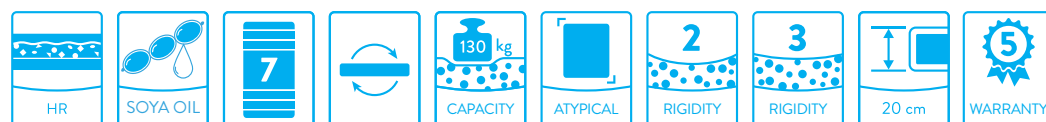

4. The **MORAVIA COVER**, comprised of exclusive knitted fabric with a high content of natural viscose, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses.

5. The **3D GRID** sewn into the cover is in perfect symbiosis with the mattress core to emphasise air circulation. The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

MATTRESS DESCRIPTION:

A partner mattress comprised of exceptionally elastic HR-foam with soya oil extract.

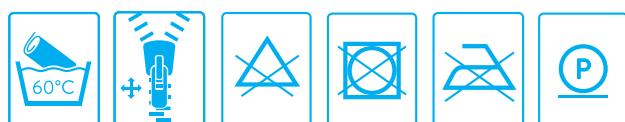

The mattress offers a unique possibility to select the harder (violet foam) or softer (yellow foam) mattress side. Special double-sided shaping to so-called islands divides the core into 7 anatomical zones that maximally adapt to the individual parts of human body. By using natural material at a height of 20 cm, the mattress responds to actual bio trends and considerably reduces negative environmental impact. The open structure of the high-quality HR foam (cold foam) results in optimum air circulation within the mattress, which is elastic and durable. FORTUNA BIO will look after your body all night long.

MORAVIA COVER:

The MORAVIA cover, comprised of exclusive knitted fabric with a high natural viscose content, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses. Natural viscose, the basic manufacturing material of which is cellulose extracted from coniferous trees, provides the fabric with necessary air permeability, perfectly carries moisture away and creates an optimum micro-climate for your healthy sleep.

mattress **MÉDEA PLUS**

1. Experience a „weightless“ state with foam developed by NASA itself. **VISCOR® FOAM** softens on contact with body heat, allowing it to conform to any curves. Simply tailored for you.

2. **HIGH BREATHABILITY**, supported by an open cell cold foam structure, provides greater comfort.

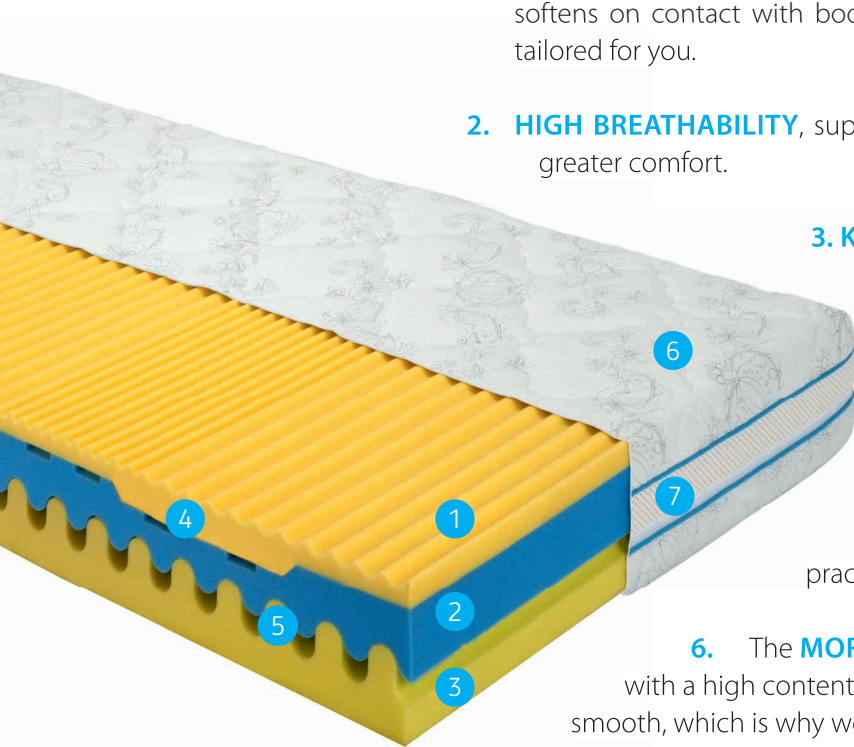

3. **KOMFORTAN®** with effective antibacterial **SANITIZED®** treatment to limit the reproduction of microbes.

4. The unique **7-ZONE SHAPING** of the top lazy foam mattress layer evenly distributes pressure in each body zone.

5. The **CENTRAL** ZIP-shaping core is interconnected **WITHOUT GLUING** and can be practically split into two halves for better cleaning.

6. The **MORAVIA COVER**, comprised of exclusive knitted fabric with a high content of natural viscose, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses.

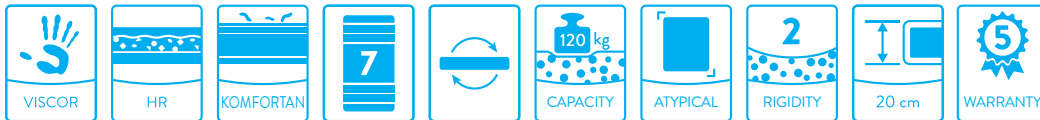

7. The **3D GRID** sewn into the cover is in perfect symbiosis with the mattress core to emphasise air circulation. The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

MATTRESS DESCRIPTION:

A luxurious mattress providing comfortable sleep with use of the VISCOR[®] foam (lazy foam) of variable height.

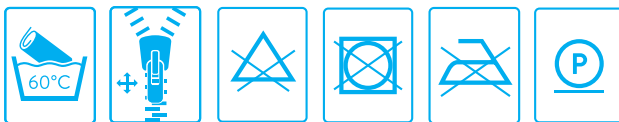

Owing to the unique 7-zone shaping of the upper lazy foam layer the mattress evenly distributes pressure in the individual zones, which positively affects blood circulation, improves the quality of sleep and helps to relieve back pain. VISCOR[®] foam (lazy foam) in the upper mattress layer provides excellent comfort and ideal support of the body during sleep. So-called lower layer zip shaping provides sufficient space for air circulation inside the mattress core. Moreover, the foam in the lower part of the mattress features Sanitized[®] treatment. MÉDIA PLUS will give you maximum comfort.

MORAVIA COVER:

The MORAVIA cover, comprised of exclusive knitted fabric with a high natural viscose content, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses. Natural viscose, the basic manufacturing material of which is cellulose extracted from coniferous trees, provides the fabric with necessary air permeability, perfectly carries moisture away and creates an optimum micro-climate for your healthy sleep.

- Composition: 60% polyester, 37% viscose, 2% polyamide, 1% elastane

mattress **ANTIGÓNA**

1. Experience a „weightless“ state with foam developed by NASA itself. **VISCOR**® foam softens on contact with body heat, allowing it to conform to any curves. Simply tailored for you.

2. **KOMFORTAN**® with effective antibacterial **SANITIZED**® treatment limits the reproduction of microbes.

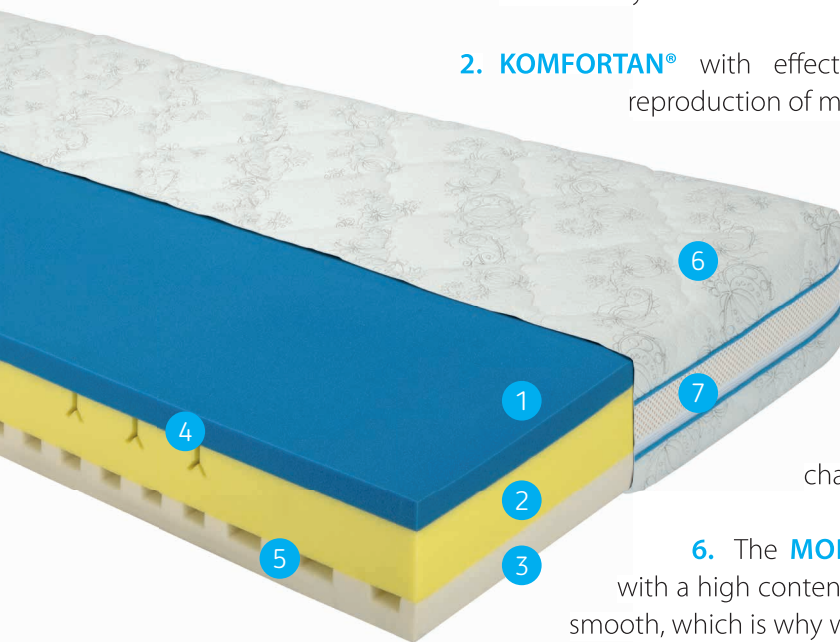

3. **KOMFORTAN**® foam guarantees optimal elasticity and proper support of the human body to assure your comfort.

4. The unique **7-ZONE MATTRESS** shaping evenly distributes pressure in each body zone.

5. **HIGH AIR CIRCULATION** supported by channels running across the core.

6. The **MORAVIA COVER**, comprised of exclusive knitted fabric with a high content of natural viscose, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses.

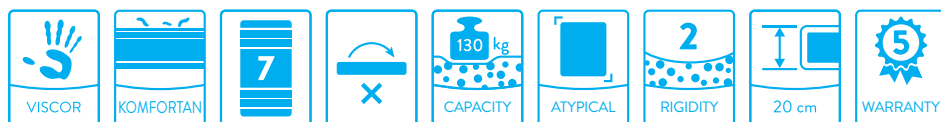

7. The **3D GRID** sewn into the cover is in perfect symbiosis with the mattress core to emphasise air circulation. The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

MATTRESS DESCRIPTION:

Extreme comfort owing to VISCOR® foam.

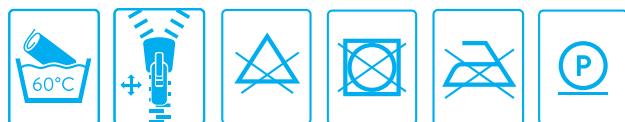

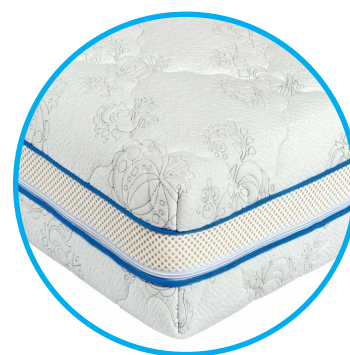

When warmed by body heat the VISCOR® foam (lazy foam) softens and adapts to the body shape, slowly and pleasantly sinking into the mattress. The slow-return effect provides even distribution of the mattress pressure across the body, which positively affects blood circulation, improves sleep quality and helps to relieve back pain. The central bearing layer of the mattress is created by foam with Sanitized® antimicrobial treatment to provide stability and high mattress permeability without impurities. ANTIGÓNÁ will provide sleep with relaxation of your entire body.

MORAVIA COVER:

The MORAVIA cover, comprised of exclusive knitted fabric with a high natural viscose content, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses. Natural viscose, the basic manufacturing material of which is cellulose extracted from coniferous trees, provides the fabric with necessary air permeability, perfectly carries moisture away and creates an optimum micro-climate for your healthy sleep.

mattress **METIS**

1. The upper **LATEX** mattress layer with an admixture of gel particles provides the optimum climate for your sleep, and its cooling effect is especially well-liked during the hot summer.
2. The **BOTTOM LATEX** foam rubber layer provides an optimal climate and, thanks to its high elasticity, perfectly follows the shape of the human body.

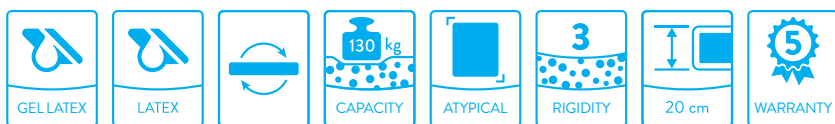

3. The **MORAVIA COVER**, comprised of exclusive knitted fabric with a high content of natural viscose, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses.

4. The **3D GRID** sewn into the cover is in perfect symbiosis with the mattress core to emphasise air circulation. The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

MATTRESS DESCRIPTION:

A unique mattress with a high-comfort gel-latex layer.

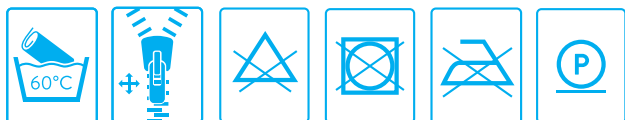

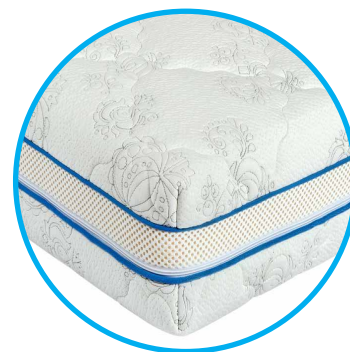

The upper latex mattress layer with an admixture of gel particles provides the optimum climate for your sleep, and its cooling effect is especially well-liked during the hot summer. Thanks to its strong elasticity, it perfectly follows the shape of the human body. The open latex cell structure and double-sided perforation of the core support efficient air circulation and prevent moisture retention. The METIS mattress will become an important part of your life.

MORAVIA COVER:

The MORAVIA cover, comprised of exclusive knitted fabric with a high natural viscose content, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses. Natural viscose, the basic manufacturing material of which is cellulose extracted from coniferous trees, provides the fabric with necessary air permeability, perfectly carries moisture away and creates an optimum micro-climate for your healthy sleep.

mattress SENIORA

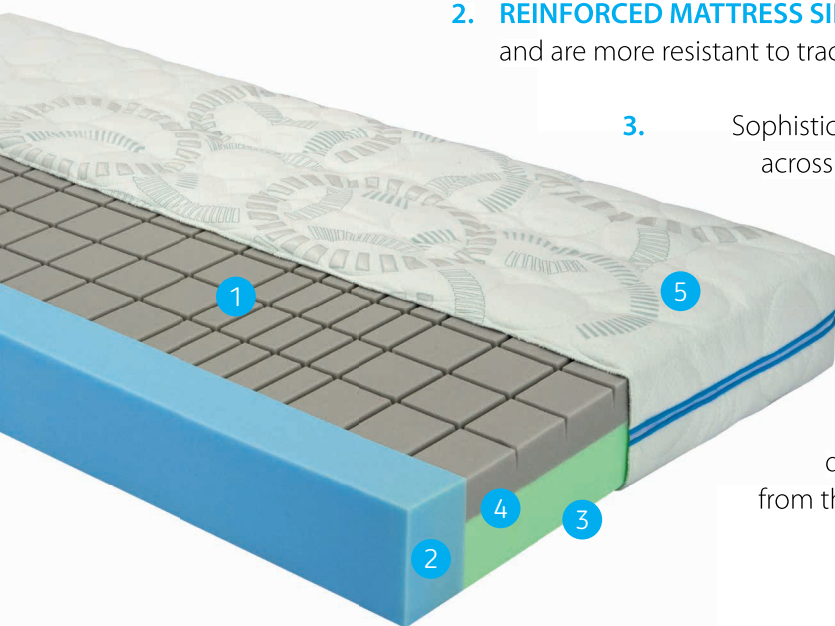

1. The upper **ANTI-DECUBITUS 5-ZONE SHAPING** even makes the mattress the right choice for those who are bedridden for a long time.

2. **REINFORCED MATTRESS SIDES** considerably strengthen the loading surface edges and are more resistant to traces of sitting compared to regular mattresses.

3. Sophisticated **PROFILED PARTS** with horizontal vents running across the core ensure perfect ventilation.

4. Thanks to the use of different **KOMFORTAN**[®] foam types in the individual layers, the mattress adapts to you and thus increases your sleeping comfort.

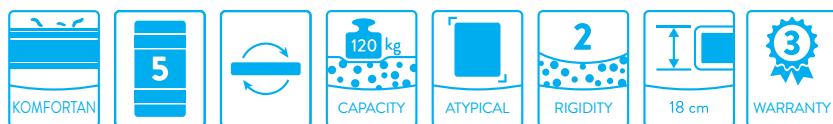

5. The **OLYMPIC** cover combines an elegant design with an antibacterial treatment that protects it from the unwanted effects of microbes.

MATTRESS DESCRIPTION:

A top resilient sandwich mattress with reinforced sides.

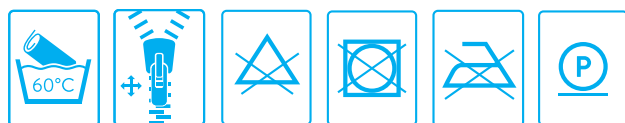

The upper anti-decubitus shaping even makes the mattress the right choice for those who are confined to bed for a long time. Reinforced mattress sides considerably strengthen loading areas and are more resistant to traces of sitting compared to regular mattresses. Sophisticated profiled parts with horizontal air channels guided across the core provide perfect ventilation. Due to the different volume mass in individual layers the mattress will adapt to your body and thus increase sleeping comfort.

OLYMPIC COVER:

The OLYMPIC cover combines an elegant design with an antibacterial treatment that protects it from the unwanted effects of microbes. The cover is very easy to keep clean, is resistant to the reproduction of mites and is also pleasantly soft to the touch.

- Composition: 100% polyester
- The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

ABOUT THE COMPANY:

We are a leading Czech mattress manufacturer with a long tradition. We offer mattresses and products for healthy sleep to a wide sector of users from hospitals, hotels, guest houses, spas, long-term care facilities up to home use. mattress **JOLANA**

1. **HIGH BREATHABILITY**, supported by an open cell cold foam structure, provides greater comfort.

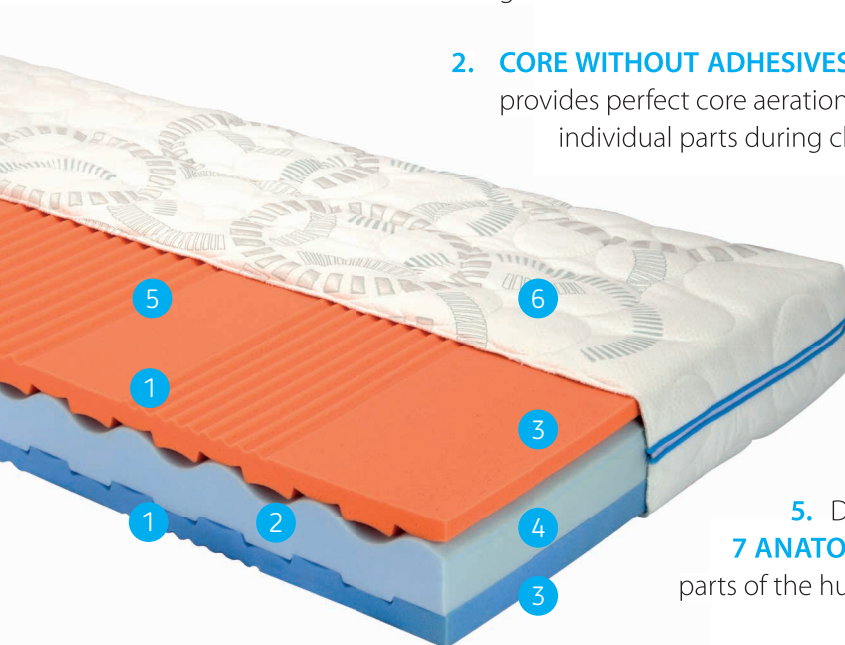

2. **CORE WITHOUT ADHESIVES** special layer shaping and jointing without adhesives provides perfect core aeration and easy maintenance with practical disassembly into individual parts during cleaning.

3. The **PARTNER MATTRESS** represents a core with different firmness on each side. The mattress adapts to your sleep.

4. **KOMFORTAN**[®] foam guarantees optimal elasticity and proper support of the human body to assure your comfort.

5. Double-sided shaping divides the core into **7 ANATOMICAL ZONES** that maximally adapt to the individual parts of the human body.

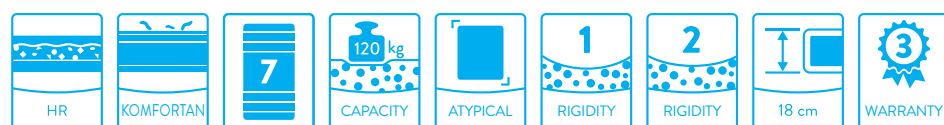

6. The **OLYMPIC** cover combines an elegant design with an antibacterial treatment that protects it from the unwanted effects of microbes.

MATTRESS DESCRIPTION:

A practical “cold foam” sandwich mattress suitable for people with allergies.

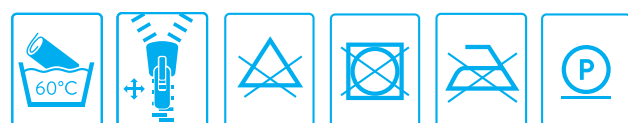

The non-bonded core of the ingeniously elaborated mattress comprised of elastic HR-foam and KOMFORTAN[®] foam creates ideal body support. Special layer shaping and jointing without adhesives provides perfect core aeration and easy maintenance with practical disassembly into individual parts during cleaning. Depending on the body weight or requirements of the user, it is possible to select the softer (orange foam) or harder (blue foam) mattress side.

OLYMPIC COVER:

The OLYMPIC cover combines an elegant design with an antibacterial treatment that protects it from the unwanted effects of microbes. The cover is very easy to keep clean, is resistant to the reproduction of mites and is also pleasantly soft to the touch.

- Composition: 100% polyester
- The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

mattress **EURIDIKA**

1. Experience a „weightless“ state with foam developed by NASA itself. **VISCOR**[®] foam softens on contact with body heat, allowing it to conform to any curves. Simply tailored for you.

2. **HIGH AIR CIRCULATION** is supported by channels running across the core.

3. **KOMFORTAN**[®] foam guarantees optimal elasticity and proper support of the human body to assure your comfort.

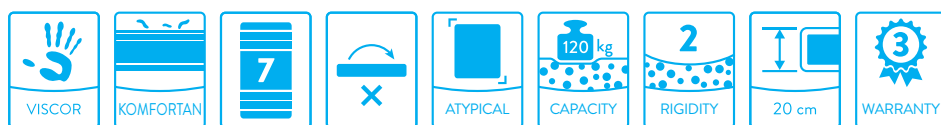

4. The unique **7-ZONE SHAPING** evenly distributes pressure in each body zone.

5. The **OLYMPIC** cover combines an elegant design with an antibacterial treatment that protects it from the unwanted effects of microbes.

MATTRESS DESCRIPTION:

A comfort sandwich mattress with a VISCOR® foam (lazy foam) layer.

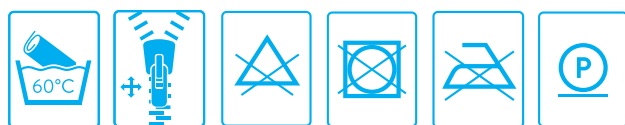

Thanks to its VISCOR® material (lazy foam), the mattress provides a feeling of slow immersion, comfortable laying in the optimum position and body pressure distribution over the entire mattress surface. Upper wavy shaping supports blood supply to your skin when sleeping. The internal cross section removes absorbed water vapour and provides sufficient aeration of the mattress. The lower mattress side with ventilating channels is comprised of quality KOMFORTAN® foam for greater reinforcement of the support.

OLYMPIC COVER:

The OLYMPIC cover combines an elegant design with an antibacterial treatment that protects it from the unwanted effects of microbes. The cover is very easy to keep clean, is resistant to the reproduction of mites and is also pleasantly soft to the touch.

- Composition: 100% polyester
- The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

mattress **NATALIA**

1. The bottom **LATEX FOAM** rubber layer provides an optimal climate and, thanks to its high elasticity perfectly follows the shape of the human body.

2. We're not afraid of natural materials, which is why our mattress includes a firming **COCONUT FIBRE** board to support high core load.

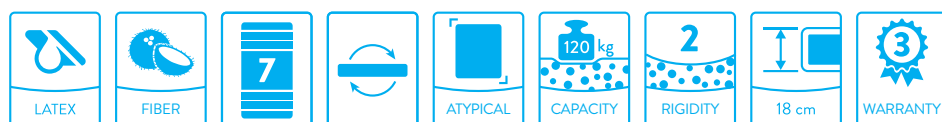

3. **SEVEN SEPARATE ANATOMICAL ZONES** ensure that it always adapts to your movement and keeps your body in the perfect sleep-inducing position.

4. The **OLYMPIC** cover combines an elegant design with an antibacterial treatment that protects it from the unwanted effects of microbes.

MATTRESS DESCRIPTION:

A reinforced latex mattress with a coconut flexi-sheet.

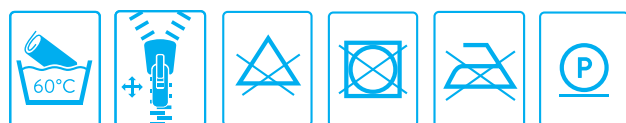

It is mainly valued for its core aeration, which helps to eliminate moisture and stop mite reproduction. Perfectly elastic, optimally rigid and shape-stable mattress comprising foam rubber (latex) with increased bearing capacity. It guarantees optimal relaxation during sleep to wake fresh and full of energy for the coming day. Due to good orthopaedic properties the mattress is also suitable for bedridden users.

OLYMPIC COVER:

The OLYMPIC cover combines an elegant design with an antibacterial treatment that protects it from the unwanted effects of microbes. The cover is very easy to keep clean, is resistant to the reproduction of mites and is also pleasantly soft to the touch.

- Composition: 100% polyester
- The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

mattress **DANAÉ**

1. The **PARTNER MATTRESS** represents a core with different firmness on each side. The mattress adapts to your sleep.

2. **HIGH BREATHABILITY**, supported by an open cell cold foam structure, provides greater comfort.

3. **KOMFORTAN**[®] foam guarantees optimal elasticity and proper support of the human body to assure your comfort.

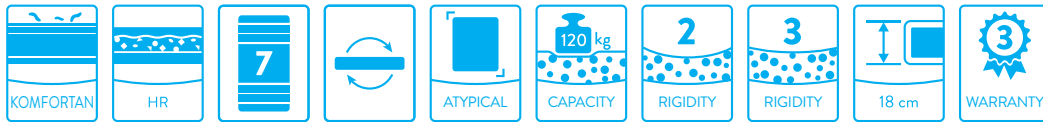

4. **SEVEN SEPARATE ANATOMICAL ZONES** ensure that it always adapts to your movement and keeps your body in the perfect sleep-inducing position.

5. The **OLYMPIC** cover combines an elegant design with an antibacterial treatment that protects it from the unwanted effects of microbes.

MATTRESS DESCRIPTION:

A mattress for partners in the form of 18 cm high sleeping luxury. This is DANAÉ.

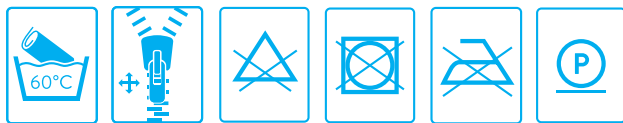

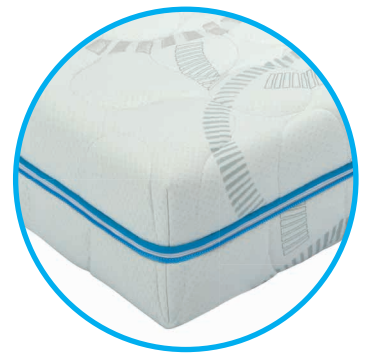

Exceptional „cold foam“ elasticity with higher rigidity and bearing capacity that, together with the KOMFORTAN[®] foam, provides perfect sleeping comfort to a wide range of users. Special double-sided shaping divides the core into 7 anatomical zones to provide optimum firmness for each body part. The DANAÉ mattress is not only suitable for active athletes, but also for those looking for high comfort.

OLYMPIC COVER:

The OLYMPIC cover combines an elegant design with an antibacterial treatment that protects it from the unwanted effects of microbes. The cover is very easy to keep clean, is resistant to the reproduction of mites and is also pleasantly soft to the touch.

- Composition: 100% polyester
- The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

ABOUT THE COMPANY:

We are a leading Czech mattress manufacturer with a long tradition. We offer mattresses and products for healthy sleep to a wide sector of users from hospitals, hotels, guest houses, spas, long-term care facilities up to home use. Thanks to our many years of experience, we can guarantee that we will stay close to you and continue to improve our mattresses with respect for your wishes.

Our products meet the strict criteria of manufacturing standards. The safety of the materials we use in production is also subject to a close inspection.

INDIVIDUAL APPROACH

When dealing with customers, we prefer an individual approach where we always try to meet all your requirements.

mattress **NORKA PLUS**

1. KOMFORTAN[®] foam guarantees optimal elasticity and proper support of the human body to assure your comfort.

2. ECOREPUR[®] foam respects material renewability and environmental protection. It meets the demanding requirements for high mattress stability and durability.

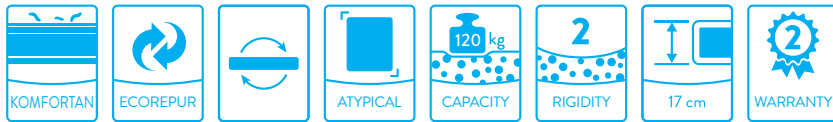

3. HIGH BREATHABILITY is supported by the internal layer shaping.

4. Easy cleaning is ensured by the **ALOE VERA** cover with separable zipper. The cover is divisible into two separate parts with the zipper running around the entire perimeter of the cover.

MATTRESS DESCRIPTION:

This mattress is appreciated by adolescents for its firmness and unique core.

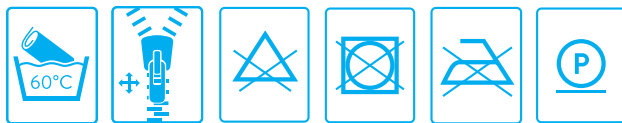

The core centre is reinforced by an 8 cm bonded lightweight polyurethane (ECOREPUR[®] foam) board inserted between the quality KOMFORTAN[®] foam layers. Inner layer shaping provides the core with optimum aeration. The mattress is mainly appreciated for its balanced combination of utility properties. It is intended for those who prefer a medium-firm mattress.

ALOE VERA COVER:

Very practical with regard to washing and handling that helps to maintain high bed hygiene. This cover will never disappoint you and will provide the required comfort for your healthy sleep all the time. ALOE VERA is a very simple solution for everyone, especially little children or older persons where it is necessary to observe increased hygiene. ALOE VERA simply provides certainty.

mattress **ZLATA PLUS**

1. **KOMFORTAN**[®] foam guarantees optimal elasticity and proper support of the human body to assure your comfort.

2. **POCKET SPRINGS** are sewn separately in textile segments, so-called spring pockets. Each pocket can thereby react individually and adapt dynamically to the shape and load of the individual body parts, which provides optimum human body weight distribution.

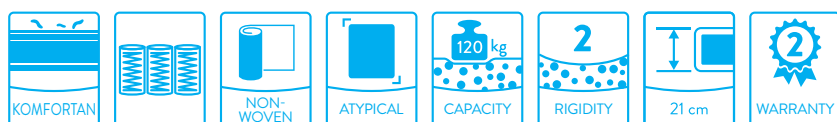

3. We've designed **FIVE SEPARATE ANATOMICAL ZONES** to ensure that the core always adapts to your movement and keeps your body in the perfect position for sleep.

4. Easy cleaning is ensured by the **ALOE VERA** cover with separable zipper. The cover is divisible into two separate parts with the zipper running around the entire perimeter of the cover.

MATTRESS DESCRIPTION:

A classical pocket-sprung mattress.

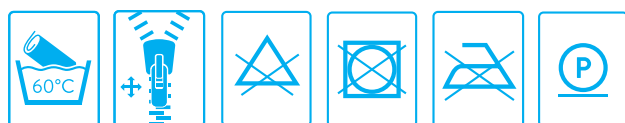

The core is created by a system of springs that are separately sewn in fabric segments – so called spring pockets. Each pocket can thereby react individually and adapt dynamically to the shape and load of the individual body parts, which provides optimum human body weight distribution. External 5-zone profiled boards comprising quality KOMFORTAN[®] foam have recently been introduced. The mattress requires a permeable mat or slatted bed base without positioning.

ALOE VERA COVER:

Very practical with regard to washing and handling that helps to maintain high bed hygiene. This cover will never disappoint you and will provide the required comfort for your healthy sleep all the time. ALOE VERA is a very simple solution for everyone, especially little children or older persons where it is necessary to observe increased hygiene. ALOE VERA simply provides certainty.
