

mattress **MAIA AIR**

1. **HIGH BREATHABILITY**, supported by an open cell cold foam structure, provides greater comfort. By using natural soya oil in the foam, we follow current organic trends and significantly reduce any potential negative environmental impact.

2. **KOMFORTAN**[®] foam guarantees optimal elasticity and proper support of the human body to assure your comfort.

3. The unique **KARDIO CENTRAL** core shaping provides constant ventilation, moisture removal and temperature stabilisation.

4. Individual mattress layers interconnect **WITHOUT GLUING**, with the possibility of practical individual part disassembly during cleaning.

5. We've designed **SEVEN SEPARATE ANATOMICAL ZONES** to ensure they always adapt to your movement and keep your body in the perfect sleep-inducing position.

6. The **MORAVIA COVER**, comprised of exclusive knitted fabric with a high content of natural viscose, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses.

7. The **3D GRID** sewn into the cover is in perfect symbiosis with the mattress core to emphasise air circulation. The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

MATTRESS DESCRIPTION:

We put all our experience into this orthopaedic partner mattress by using the exceptionally elastic HR-foam with soya oil extract.

The core is comprised of resistant elastic foam provided by double-sided 7-zone profiling with different loading area rigidity. Each individual zone provides the necessary adjustment for the correct position of your back. Owing to the unique KARDIO cut, there is permanent ventilation, moisture removal and temperature stabilisation. All individual layers interconnect without using adhesives. MARIA AIR will not limit you in any way.

MORAVIA COVER:

The MORAVIA cover, comprised of exclusive knitted fabric with a high natural viscose content, is exceptionally soft and pleasantly smooth, which is why we use it for our luxury line mattresses. Natural viscose, the basic manufacturing material of which is cellulose extracted from coniferous trees, provides the fabric with necessary air permeability, perfectly carries moisture away and creates an optimum micro-climate for your healthy sleep.

- Composition: 60% polyester, 37% viscose, 2% polyamide, 1% elastane
- The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.
- The 3D grid emphasises air circulation outside the mattress.

ABOUT THE COMPANY:

We are a leading Czech mattress manufacturer with a long tradition. We offer mattresses and products for healthy sleep to a wide sector of users from hospitals, hotels, guest houses, spas, long-term care facilities up to home use. Thanks to our many years of experience, we can guarantee that we will stay close to you and continue to improve our mattresses with respect for your wishes.

Our products meet the strict criteria of manufacturing standards. The safety of the materials we use in production is also subject to a close inspection.

INDIVIDUAL APPROACH

When dealing with customers, we prefer an individual approach where we always try to meet all your requirements.

QUALITY

We are a manufacturer with 48 years of experience. The quality of delivered products and work safety is our priority.

MATERIALS

We incorporate traditional materials into our product range, right up to new products just launched on the market such as EKOMFORTAN[®] and ECOREPUR[®].

TAILOR-MADE PRODUCTS

Thanks to our many years of experience in mattress production, we can prepare mattresses tailored to your needs.

GUARANTEES

We stand behind the quality of our products, which is why we offer an extended warranty.
