

mattress **POLO**

1. The upper **LATEX** foam rubber layer provides an optimal climate and, thanks to its high elasticity, perfectly follows the shape of the human body.
2. **KOMFORTAN**[®] foam guarantees optimal elasticity and proper support of the human body to assure your comfort.

3. **THE PARTNER MATTRESS** represents a core with different firmness on each side. The mattress adapts to your sleep.

4. We've designed **FIVE SEPARATE ANATOMICAL ZONES** to ensure that the core always adapts to your movement and keeps your body in the perfect position for sleep.

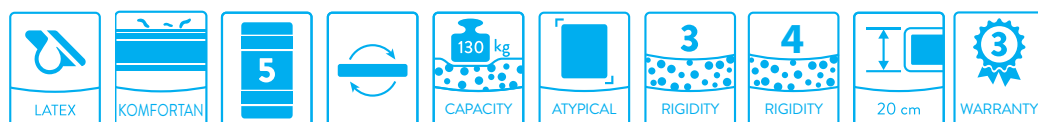

5. **AIRFLOW** is supported by channels running across the core.

6. **THE 3D GRID** sewn into the LUREX cover is in perfect symbiosis with the mattress core to emphasise air circulation. The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.

MATTRESS DESCRIPTION:

You do not want to compromise your comfort and quality sleep. We have designed the POLO mattress just for you.

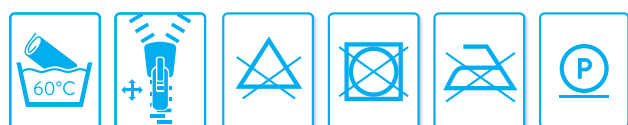

The top latex layer creates an optimal climate suitable for sleep. To achieve sufficient ventilation and enhance the feeling of a sound sleep, we have used special KOMFORTAN foam for the mattress support to ensure sufficient ventilation and stability throughout the night. In addition, the core is divided into 5 anatomical zones to relieve muscle tension. The POLO mattress is the right solution.

LUREX COVER:

Simple elegance – this is the LUREX cover. Minimalist design with silver dots. The cover is easy to maintain and clean compared to cotton, is less susceptible to mite reproduction and is also very soft.

- Composition: 97% polyester, 3% polyamide
- The cover is divisible into two separate parts with a zipper running around the entire perimeter of the cover.
- The 3D grid emphasises air circulation outside the mattress.
